

Modern power plants have an extensive electrical distribution system to provide reliable power to all of the support equipment in the power plant. The utility operating the power plant is in the ...

The SC-Series power systems feature single-phase rectifiers that are designed to efficiently convert energy from available outdoor AC sources to the 48-volt nominal DC power needed for ...

Product Features Step-down (buck) voltage converter from DC 36V / 48V to 12V Multiple current options available: 10A / 15A / 20A / 30A IP68 waterproof housing for harsh environments Built ...

The HindlePower Battery Cabinet is an outdoor enclosure with a primary intent to hold batteries and protect them from the elements. The user can build upon this by adding chargers, DC ...

Unlike conventional data centers, Eaton's modular data center solutions are designed, built and commissioned faster for greater response and flexibility as business needs evolve. Custom ...

Outdoor Security Cameras | Outdoor CCTV Cameras Outdoor Security Cameras are enclosed in weatherproof housings to protect the electronics of the camera from moisture and rain. This ...

The Path to a Highly Available Core Site Meeting the expectations for constant availability while minimizing operational cost is key, whether you need DC back up for 12V, 48V or 400V power. ...

Power Input: 2.1mm DC Power Plug Zero Light Infrared Night Vision 24 Pieces Infrared LEDs / 32 foot IR Distance 2.5mm Fisheye Lens / 180 Degree View (170-degree effective) IP66 ...
