To get interior measurements I made a slip stick with a metal rule and a couple of 10" pieces of baltic birch, inspired by my old slide rule (am I old, or what!). The ruler fits into an ...

If you're tired of drawers that slam closed, it's time to install soft-close drawer slides. These mechanisms attach to the sides of the drawer to slow them down, so they close quietly and gently. Fortunately, they're easy to work with, so you don't need a lot of DIY experience.

For the drawer slides, Nathan installed 22" soft-close, full extension, ball bearing, side mount drawer slides, which are manufactured by Everbilt and sold at home centers.
